Made To Crave For Young Women: Satisfying Your Deepest Desires With God

Synopsis

What do you crave to make you happy? Every day is filled with things we want and crave. Things that will make us feel good at least for a moment. But what happens when that moment is gone and the need returns? There's nothing wrong with wanting certain things, but God didn't create us to rely on those things to make us happy. He created us to crave Him, and a happiness that lasts. In this teen adaptation of the bestselling *Made to Crave*, the deep emotional, physical, and material cravings you face are explored—desires that can turn into spending too much, over- or under-eating, needing a boyfriend, or more. Through real-life stories and support from people who have been where you are, you will also discover how to truly crave God and the love and comfort He wants us to have, and how craving heavenly things can make the earthly cravings easier to overcome. You were made to crave more than this world has to offer.

This book is a perfect way to bond with your teenage daughter. I bought 2, one for myself and 1 for my daughter and we are going through it together. It's letting her see a side of me she didn't know and allowing for some great teachable moments. At the same time it's letting me see inside of her and see what a lovely, wise, young woman she's becoming. This book has been very eye opening for both of us and has drawn us closer together. I highly recommend it!!!

This was a great book for me personally and also my group of friends. We turned it into a 6 week bible study. We met once a week to talk through what we were experiencing and what we learned. It was perfect for all of the things we have gone through and are going through as freshmen in college.

I am so fulfilled after reading this book!!! I have been at war with myself for over a decade now and although I am 30yrs old, I was able to relate to the younger me and older me! THANK YOU :)

Lysa TerKeurst makes Biblical truths relevant for today. Her style of communication is easy to apply and understand. It's nice to know that someone of her intelligence and accomplishments is able to relate to the struggle of controlling food choices.

My daughter and I are working through this book. It is amazing. She be mandatory for your women of faith.

An excellent read.

I really enjoyed Made to Crave. When I saw that there was a version for younger girls/teenagers, I immediately purchased it. My daughter and I are reading it together and the scenarios in the book really help my daughter to relate to things she is dealing with.

I gave the book as a Christmas gift to my two teenage grand daughters and two teens at my church. The girls and parents told me what a great book it was and thanked me for the gift. I'm considering buying the book for several teen girls in my church.
