Jessica Wilkinson is the daughter of Bruce and Darlene Marie Wilkinson. The Dream Giver for Teens is her first book. She is a full-time student and is anxiously looking forward to entering college. Bruce Wilkinson is the author of the #1 New York Times bestsellers The Prayer of Jabez (R) and A Life God Rewards (R) , as well as Secrets of the Vine (R) , Experiencing Spiritual Breakthroughs , and numerous other books. Bruce and his wife Darlene Marie have been married 35 years and have three children and five grandsons. They divide their time between Georgia and South Africa.

This is an inspirational read and acceptable for all grades of intelligence and understanding. If there was no vision or dream to start with, there will soon be one as each page is turned. A great gift for any age, especially those seeking a way forward in life. The book is a great encouragement and stimulus for teenagers particularly.

I purchased the Dream Giver for Teens for my nephews. One has already read it and stated he liked the book so much that he carried it with him to school to finish reading it. He was intrigued by the story line and wanted to know what was next.

This books gives insight on what every teen should expect when planning and perusing their life's passions and dreams. The book creatively uses an allegory to help readers make real like connections to the events which will occur in their lifetime as they discover their destiny.

Have bought several copies of the original book. Have a friend that is looking for something to share with teens. Hope this one is comparable to his original book.

Plan to give to my 10 year old grandson who reads chapter books. He is a smart boy and I look forward to the discussions he and I will have.

I didnt read this one for teens, but sent it to my goddaughter. I based the 5 stars on the adult version. I will be utilizing this book with the teen group at church. I know it will be eye opening and impactful.

This book alone has been wonderful for my family and myself. I'm not sure how to let the wonderful provider know that I ordered this book from; that they sent the wrong book, not the one for "Teens"! I notified them and they promptly sent another book...again it was NOT the one for "Teens". So my husband and I each enjoy our own copy of the adult version. I haven't had the heart to notify the sender that they did in fact send the wrong book two times now. I don't want to pay for shipping to return the "wrong" books...the sender has been wonderful and have shown reliability, I failed to show disappointment. I would love to receive the book I initially ordered for my son's...the "Teen" version...yet I won't complain...it's all good...the book is awesome! If the sender should ever read this...contact me, I would like to receive the book I initially ordered...for "Teens", my son's would benefit greatly...this may not be the appropriate place to note this...I'm new at this, so forgive me and bear with me please...Thank You!
