Angels On Assignment

Synopsis

In this book from best-selling author Perry Stone, we discover one of the most unusual covenants in the Scriptures, the Mizpah Covenant. This covenant has the power to release angels to assist you and forges a protective covenant around yourself and your family. It is important to discover how angels are involved in the lives of people on a personal and practical level. We will see biblical and current examples of angelic protection and will discover the steps to engaging in a covenant relationship with God that engages the help of His angels. Learn the kinds of assignments given to the angels, and discover five things that can offend angels and hinder their protection to man. We can be assured that God has commissioned His heavenly messengers to defend, keep, and protect His people. --This text refers to the Hardcover edition.

Customer Reviews

Angels is a topic that never will be boring, on the contrary, always amazed!!!

Very good Book and informative.

I am still reading it but it seems very instructive in that it quotes many related portions of the Bible to show a trend or a pattern. Very good reading and instructive.

Good read and applicable to everyday life...Recommended to all who seek to know about angels

and their workings in everyday living

I thought the book was good and taught me a few new things about angels. But I thought he could have given more examples from his own life or the lives of others. I found other books on the subject to be a little more informative. But overall I liked the book.

Awesome!!!

Love Perry Stone books.

It's actually not a big book and yet still has a lot of information that I never heard and I'm excited to know more. I love Perry Stone's books.
