American Government And Politics Today: The Essentials

Synopsis

AMERICAN GOVERNMENT AND POLITICS TODAY: THE ESSENTIALS, 2013-2014 EDITION inspires readers to join the exciting process of being active, informed citizens. Unbiased, concisely organized, and updated with Election 2012 coverage and a new focus on learning outcomes, the text's fundamental theme continues to be the importance of participating in active citizenship, emphasizing continual critical thinking about political issues, and encouraging readers to become involved in the political process. With a keen understanding of the needs and interests of today's learners, the authors incorporate interesting and relevant current examples to stimulate learning and excitement. The text is completely redesigned for even greater reader appeal.

"For as long as I have anything to say about it, I will continue to use this book. It really is the best one on the market." "I see limitless possibilities of integrating current events with the text through Aplia so that students can apply their learning to real world events. It would be great fun to develop a whole series of such assignments. This is the best thing I have seen in a while."

I bought this book for my political science class and it worked for what I needed. I found out in class that there are different versions of this book. The one I needed was the regular American Govt. and Politics today version, but I accidentally bought the Texas and California version. Same basic info, but a lot of the info and stories were a lot more liberal than the regular book. Watch out if you want it to be exactly what you need.

Depends whether you like pol 101

Good book, got me through Nam. Wait, I mean it go me through american government.

Brought this book for my wife american government class in college and the price was nice so I pulled the trigger. Book came is pretty much brand new condition for being used with no high lighting or notes written on any page. It will do the job for what she needs it for. A+ seller and great item.

I needed this for a Political Science class...Easy to read and very modern take on Politics and government antics in general!

The book was readable and it wasn't in bad condition but it was a bit damaged. Customer service though was really helpful and nice when I called to return it !

No scratches or markings only the covers was minor

This book was amazing because I made an "A" after studying it.
