H. P. Blavatsky (1831-1891) was a theosophist, mystic and co-founder of the Theosophical Society. She has been dubbed the "mother of the new age" for the profound effect her promulgation of eastern mysticism has had on the spiritual thought of the west. Biography:

Great help for my research project for my doctorate in Holistic Theology. Topic is a difficult one and this made it a little easier.

Good book must-reads full of knowledge

Using it for study group

This is not an exact reproduction of the original. I wouldn't recommend it.

This book is an excellent introduction to the views of Theosophy, which in many respects is not a religion or a philosophy; it is a helpful guide to distinguish and compare theosophy both to the world religions as they are practiced and the "secret wisdom" that is also found in all world religions. As another reviewer remarked, the Glossary is a very helpful set of definitions for learning further about the theosophical perspective.

Very fun read! It's a great introduction to the esoteric. It filled in holes in my thinking.

This is a great book that I am studying in a study group. This particular printing, ISBN-10: 1484839404, ISBN-13: 978-1484839409, the blue cover w/ the Mandala, is not a good printing. It has ONLY the main text of the book; No cover page, no copyright page, no table of contents, no glossary, no index, nothing.

Great!
