Great purchase for little ones. I had purchased a similar book for my older boys that was too

advanced for my youngest but he always seemed to want to "take notes" in theirs. So we found this one on and he loves it! It is well made and has eye catching places on each page to engage children in the sermon. It also has words for them to check off if they hear them in the service so this keeps them engaged in what's going on...Will definitely keep this on order ã Â Â^Â

This is great for our 6 year old daughter during church! Keeps her from being bored and also catching little things here and there from the sermon.

Helping our children to sit in church and listen to our Pastor. Helping guidelines to follow and help them understand what is being spoke about.

My son enjoys bringing his book to church.

Well thought out and very engaging.

Great for my nine year old!

Got this book for my friends son since he is in service now. He really enjoys having more to do than just sit and listen. He can actively listen.

The book keeps my child focused on the sermon and asking questions which is what I was hoping for.
