Customer Reviews

Got this for my Aspergers/autistic son, he is a lover of history, he can read books like this for hours. DK is a format that I love reading myself, it educates and entertains with facts and rich illustrations,

DK is the best in my opinion

Great pic !! My grand daughter loves this book. It is well written with "loads" of information. Can be used as a reference book or for just the enjoyment of learning new information. The book gives us a true look into the lives of the leaders of Egypt. You will love this book for you or children.

It is probably better to get this for a kid. It has a decent amount of information in it, but not having looked much at the description, I thought it was going to be quite a bit longer than it was. I got a couple other Eyewitness books at the same time that were what you would consider coffee-table books so when I only had one choice for Ancient Egypt, I thought this would have been the same.

Young children enjoy the pictures and not too much writing. Creates a curiosity to learn. Very informative.

I got this for my nieces after we went to a museum exhibit of reproductions from King Tut's tomb. They love it! Heck, I love it!

Excellent product: I got this for my Grand Daughter and she loved it, lots of great photos and illustrations.

Great resource for my students and I.

Very responsive and efficient, at a good price. Customer was very pleased.
