Daughter loves this book, but she asked if she could have a Skye book too, and I was disappointed when I could not locate one. I wish Paw Patrol would be more in tune with the little girl fans it has! Another bummer was finding that the Paw Patrol sheets removed Skye, and there was no corresponding set for little girls that included Skye and Everest. Come on Nickelodeon, get with the program!

Based on the Paw Patrol episode "Pups in a Fog," this book is cute and Chase fans will be especially pleased. Great pictures - my 3 year old son has asked for reading time. Because he is so familiar with the story, he is also "reading along" excitedly and trying to read the characters' names.

I got this for my grandson who loves his paw patrol. I do like the book but was surprised that this book is kinda small. I expected it to be a little bit bigger. The content is perfect for my grandson who is at that age where he is learning to read. I like that this also comes with 2 pages of stickers to help make this even funner. And this book is helping him learn to read as its keeping his attention. I am happy I got it to help him read.

Cute book, the story is from one of the episodes, a simplified version but nevertheless, our 4-year old loves reading something that he can also watch. The big selling point for us were the 2 sheets of stickers at the end of the book. My son gets to pick one every time we finish the book and that makes reading it so much more fun. There are a few others in the series that have the sticker sheets, I highly recommend to parents of kids who love stickers. Our son is an avid listener, we read 2-3 books every night and oftentimes repeat favorites multiple times, this one gets 4 stars b/c it does not get picked that often. He did get a bit tired of the story after about the 3rd time reading.

My grandson is a huge fan of Paw Patrol on TV. He is learning to read and loves this book. It is helping him with his reading while he is being entertained at the same time. It was a little expensive for a hard-cover book but in our case was worth it.

My 5 year old daughter loves this book. We read it all the time.

Our Grandkids (3 & 18 months) love anything Paw Patrol. Chase is the older one's favorite paw patrol

very cute but I love to step into reading books, they help me to keep up with my kids reading levels. Paw Patrol has become my young kids favorite and of course this book is all about Chase. Chase is the police dog in paw patrol, and his favorite saying is Chase is on the case. The book is short enough that young readers don't lose interest or concentration. I gave this to my 4 year old son for Easter.
