The Everlasting Hatred: The Roots Of Jihad

Synopsis

Best-selling author Hal Lindsey explains how, on September 11, an ancient fight-to-the-death conflict exploded on the shores of the U.S. Though most Americans didn't realize it, we were already involved in this struggle. A struggle driven by a hatred that goes back over 4,000 years. Islamic fundamentalism's purpose is to replace the JudeoChristian world order with an Islamic world order. Every American needs to understand the enormity of the threat we face and why. In the aftermath of 9/11 most Americans are asking: Why do most Muslims hate Jews? Why do Islamic fundamentalists hate the United States and call it "The Great Satan?" Why did Islamic terrorists sacrifice their own lives to kill Americans? Do Islamic fundamentalists have access to weapons of mass destruction? Could Islamic terrorists imperil the survival of the United States? What light does Bible prophecy shed on this? Does the Koran call for violence and conquest? Are the Islamic fundamentalists an aberration of the Muslim religion, or are they as they claim the "True followers of Mohammad?"

Book Information

Audible Audio Edition

Listening Length: 7 hours 43 minutes

Program Type: Audiobook

Version: Unabridged

Publisher: Audible Studios

Audible.com Release Date: February 12, 2014

Language: English

Best Sellers Rank: #107 in Books > Audible Audiobooks > Religion & Spirituality > Islam

#237 in Books > Audible Audiobooks > History > Middle East #297 in Books > Religion & Spirituality > Religious Studies > Fundamentalism

Customer Reviews

Even having read the Bible several times in and out of formal studies this book gave me a better understanding of the Arab lifestyle and way of thinking. It's not a comfortable book but a great insight. It took a while to read it because I had to stop, think, and look up things that I read in it. If you want to understand why Arabs hate Jews and Christians I think you will find this book worthwhile.

The book was old and did not include any up to date information. I always like the books that I order for my husband and me. I just made a bad choice. It had red notations throughout the book, but I enjoyed seeing what was important to the person who had read it before me, Yes, I would recommend books to another.

I had heard that Hal Lindsey had written much of this book during the 1990's - well before Sept. 11, 2001 but that no publisher was interested in the topic. I have followed Hal's ministry for years and he was warning about the coming struggle with Islam long before Pan-Am Flight 103 (1988), World Trade Center (1993), Oklahoma City (1995), TWA Flight 800 (1996), The U.S Cole (1998), and the World Trade Center (again, 2001). C'mon Americans, wake up and smell the coffee. The President is wrong. Islam is not a great religion hijacked by a few radicals. Most Muslims don't even know what their own religion teaches. Hal makes the case that Islam is "Institutionalized Anti-Semitism" and as soon as our President and leaders recognize it, the sooner we can deal with the problem. Hal documents that the current struggle is nothing more than an ancient feud in which Abraham fathered three lines of children with three different women, only one of which was the line of promise (Isaac) which would produce the Messiah. The other two lines have ended up jealous of the inheritance and role of Isaac's descendents and the Jewish people. Most people might know of Abraham, Hagar, and the older son Ishmael. However, hardly anyone knows of Abraham's second wife (Keturah) and that he had six sons with her. Together with Ishmael's descendents, these people have control of most of the land and resources of the Middle East. They would like nothing more than to destroy the Jews and Israel, once and for all, and drive her in to the Mediterrean. Hal does a fantastic job with the history of the Middle East after the destruction of the nation of Israel and the Temple in 70 A.D. The Crusades are documented as is the Ottoman Empire from about 1500 to 1917 A.D. Of all people, Mark Twain's writings are documented of what his observations of the land were in the 1870's. That was a gem. Following World War I, Great Britain shafted the Jewish people. Hal's book presents maps of how much land Israel was originally granted. In fact, there was a Palestinian homeland created but it immediately gave it to a Saudi prince who whined. Britain in her desire to cow-tow to the rising importance of oil, gave this Saudi prince what is now the Country of Jordan. Boy, the amount of blood and heartache this decision has produced. What I enjoyed the most from the book are how the Old Testament promises given to Abraham, Isaac, and Jacob are still coming true in today's world. Hal continually goes back to scripture to prove that God is not done with the Jewish people and the Nation of Israel. We know from Ezekiel, Daniel, and the Book of Revelation that the world stage is setting up for the second coming of Jesus Christ. The

history of the Jewish people, including her return to her land over the last century, is the prelude to the sequence of events documented in the Book of Revelation. An understanding of the history of the Jewish people and the Middle East is the foundation for having any understanding of today's world and prophetic events soon to unfold. I highly recommend Hal's book for your studies. Hal continues to say that America's tombstone will say, "America, Dead from Political Correctness." We still live in an America in which the truth can get out if one wants to search for it. Unfortunately, many would say that Hal is spreading hate. No, he is trying to reach the Muslim so they don't spend eternity in hell. Sometimes the truth hurts and if America doesn't wake up soon or if she ever forsakes Israel, we are in major trouble. (Genesis 12:3)

I loved reading Hal's brief history of the Middle East as told to us in scripture. I have read most of Hal Lindsay's books from the "Late Great Planet Earth" to the present. Hal never disappoints and effectively ties his position firmly to scripture. I highly recommend reading this and educating yourself on events to come.

Succinct, meticulous and persuasive. An excellent primer on the roots of radical Islam, which is a rather redundant statement since its roots were radical from the start. Lindsey presents a cogent, logical chronology highlighting the key periods and personalities that have shaped this faith and returned its beginnings. Sadly it seems there are more who are infected with the everlasting hatred that those who will speak up for freedom and tolerance of those of other faiths.

Love Hal Lindsey. His heart is real and he's a great "watchman on the wall". :)

The best book to read to understand the way things are and why they are this way. Great insight that is not realized by a majority of the American People. This is a must read.

People need to open their eyes regarding this death cult.
