Customer Reviews

The book is very informative of the areas I'll be visiting in March. All of DK's Eyewitness Travel books are chock full of information and descriptions. I always look for their books first when researching an area. I'm a travel agent and I like to know what I'm getting into. My only gripe is it could be just slightly larger print. It takes my eyes a bit to adjust to the small print, but overall, they're spot on. And most of the city level maps, I've found, have pull out maps so you don't have to carry the whole book for the intuitive maps.

Unfortunately I visited these countries in the past couple of years before I discovered the DK Guides. I purchased the book now to help refresh my memory and discover different points of

interest should I return. An excellent book as usual.

Great book for traveling through the sights of brussels
