Customer Reviews

Questions contained in this book are more challenging than the FP-C test itself. Helps prepare you for this difficult test.

Like I said clear concise and to the point. Only one typo! Would recommend to someone with previous experience and knowledge of critical care medicine.

The questions in the text were actually slightly more difficult than the exams. I'd recommend it.

Very welcome addition to my review library. Passed FP-C the first time with its help.....

Nice book to study by, eays to follow.

Good study reference

Awesome
