This little book will provide some info for lessons for Our Summer Bible Camp..."Armour of God...Boot Camp." It's not perfect but I can use some of the info and was pleased to find it.

I okay , not what I expected

I was expecting more about God and less about Satan. I want my son to be focused on the strength of God.

What an awesome teaching book. It has so much. Love it. I will recommend to other teachers in our church. I know they will love it. The ones that looked at my book said they were going to order it.

this was a great resource when teaching about the armor of god. i also used some other resources, i wouldn't rely soley on THIS book to teach about armor of God.very good starting place.

Loved it!!!!We will be using this program for our church program. We used it before and the children lived it!!!!

My grandson and I did this study together on nights that he slept over. It has short interesting studies that walked him through the Armor of God. He really enjoyed the study and wanted to do more than one each time we did them. I will be looking for more of these books.

Pretty good book. Love the idea of reading to your child/have them read it and then answer questions at the end of each chapter.
