## **Customer Reviews**

excellent

Very educative. Books are not as clear. Useful and user friendly. Pictures speak more than writing.

Excellent, keep it up

Excellent graphics!

More explanatory text is needed to fully understand

The text in this book was almost illegible!

nice

30 superb illustrations, charts and table summaries, covering utility of echocardiography in assessing cardiac hemodynamics and more! It provides a near complete visual overview of the subject. Great value!
