Footprint Focus travel guides are specially designed for the needs of today's travelers.

Uruguay provides you with all the information you need and none of the stuff that you don't. Insightful, in-depth and up-to-date information on this fascinating country. Gives the lowdown on the Argentine capital, Buenos Aires. Extensive listings and expert advice on where to stay, where to eat and what to do

One of the first assignments Ben Box took as a freelance writer in 1980 was subediting work on the South American Handbook. The plan then was to write about contemporary Iberian and Latin American affairs, but in no time at all the lands south of the Rio Grande took over, inspiring journeys to all corners of the subcontinent. Ben has contributed to newspapers, magazines and learned tomes, usually on the subject of travel, and became editor of the South American Handbook in 1989. He has also been involved in Footprint's Handbooks on Central America & Mexico, Caribbean Islands, Brazil, Peru, Cuzco & the Inca Heartland, and Peru, Bolivia and Ecuador. On many of these titles he has collaborated with his wife and Footprint Caribbean expert, Sarah Cameron. Having a doctorate in Spanish and Portuguese studies from London University, Ben maintains a strong interest in Latin American literature. In the British summer he plays cricket for his local village side and year round he attempts to achieve some level of self-sufficiency in fruit and veg in a rather unruly country garden in Suffolk.

Seems really old and outdated, not much information about hotels or restaurants. Not worth it given lack of info - just used trip adviser.

Pretty thin, and half of it's about Argentina

Is a basic guide to the country.

Great guide for a country not often visited by Americans!
