Pecos Bill: Rabbit Ears: A Classic Tale

Synopsis

Take a rollicking ride through the Wild, Wild West with the original cowboy, Pecos Bill. Raised by coyotes to brave the great frontier, Pecos rides his wild mustang Widow-Maker and invents the first rough-and-tumble cattle drive. Then he mounts a runaway cyclone like a buckin' bronco to create the Great Salt Lake. Robin Williams narrates this tale, which is rich in language, imagery, and sheer nonsensical fun, Pecos Bill is a fast and furious fantasy your family is sure to enjoy. The original score by Ry Cooder adds to the fun.

Book Information

Audible Audio Edition

Listening Length: 24 minutes

Best Sellers Rank: #88 in [Books > Audible Audiobooks > Children's Books > Fairytales &](#)

[Folklore](#) #1885 in [Books > Audible Audiobooks > Children's Books > Fiction](#)

Customer Reviews

Gave to my Grandson who wanted me to read immediately. Always a good sign! Great book...now need to find the Robin Williams recording!

Great story - good for about any age really - I read it to my grand kids and it was very popular with them.

I came across this book at our local library and took it home to read to the kids at bed time. We all enjoyed it so much that I looked for one on and bought it. This was my first 'used' purchase off . I found that the description of the books' condition was very accurate and there were no surprises with it's condition. As far as the book goes, this is one of my favorites and the kid's too. It's written in this 'twangy' southern drawl type voice and if you want to act a bit silly and really pour on the drawl, it's a real hoot to read. The illustrations are so great; it really compliments the story. One of the illustrations shows part of Pecos Bill's rear end. He was raised by coyotes and when a cowboy

happened upon him, Pecos Bill was naked and you can see the side of his 'back side'. It's a very funny picture and while it might be distracting for kiddo's in a classroom setting, it's perfectly fine for an 'at home' story. The kids (and me too) chuckle at that every time we read it. This is one of my kid's favorite books both because of the story and how I read it to them, and because of the illustrations.

A delightful ride with Robin!

Artwork was different than photo posted on website. Seems to happen a lot.

This book won't even load for windows 8 kindle app. Will try it on my tablet, maybe... Great story tho

This was adapted by Brian Gleeson and Tim Raglin and is not narrated by Robin Williams though the artwork is by the same illustrator. There is another more recent book versions narrated by Robin Williams with music by Ry Cooder. Just letting people know. If you want that one I think it comes with a CD also and music by Ry Cooder (ASIN# B009D4GV7A). Otherwise this is the original version.

Robin Williams does a great job of storytelling. This is truly whole family entertainment. Kids will definitely sit still for this one, and adults will find it wonderfully funny. Robin Williams infuses the reading with his tremendous energy, wit, and love of adventure. The illustrations in the book are humorous and kids will laugh when they see them. Adults should be aware that there is one picture where Pecos Bill is nude, but it is not full nudity and it is only one picture. All in all I think this, like all Rabbit Ears Productions, is wonderful. I would especially recommend it for anybody who is looking for a great way to keep the kids entertained while they are in the car.
