I have a little reader who is too young for chapter books. But he sat through this entire story in one sitting! He's a puppy lover anyway, but the story kept his attention and it wasn't too kiddie for me to

endure as I read it to him. ;) It is a cute idea that was executed really well.

My son can't get enough of this series. We are anxiously waiting the release of the next book. We read the last one the day we got it. Easy to read, fun adventures but not scary. We started them when he was in kindergarten.

My son has stated to love reading chapter books over the last year. These books are ready - adventure, great story plot, enjoyable by mom and son!! Great series for any little kids!

My 6 year old said he liked it. I'll admit, he read it with his grandma, so I don't have details like I usually would. We got the next one in the series. :)

Nice book, but I thought was for younger age. Will keep for a few yrs. before I give it.

Great

Wonderful kids book.

A fun twist on a pirate adventure.
