Pink Princess Bible Tabs

Created especially for your pretty pink princess!

These beautiful tabs are perfect! I have bought several styles. This one (purple) I used for Old Testament, and blue (same brand and size) for New Testament...and vice versa for my other Bible. I put the Old Testament/New Testament/Life Verse/Maps..etc. on the TOP of the pages, staggering the ones in back. I line up the guide, then make a VERY light pencil mark where it should go...make sure to only grab one page...and GO SLOW! Someday they will make a Bible that has the tab area pre-marked and labeled, but that is wishful thinking. Using tabs saves so much time and frustration. **** HABAKKUK!!! WHERE ARE YYYOOOUUU????!!!**** Lol < In photos, Bible is NLT Illustrated Study Bible-just in case you wondered --Case is from Christian Art Gifts. Also wishful thinking... coordinating tabs and cases. (hint, hint...)

These were easy to apply, if not a little time-consuming. The guide provided with the tabs were very helpful. They look beautiful!

I bought these for my CJB. Since the Tanakh is not in the same order as the Christian Old Testament I depend on these to find text quickly. I didn't exactly get them positioned right, but they still do the job. I don't want to try to reset them because the pages are so thin. I don't want to tear them.

Love, love, LOVE these!!! I initially bought a set for my daughter to go with her new Bible (which is also purple); however, I ended up using the set I'd bought for her for myself and buying another set for her =). My ex-husband thought they were neat and asked me to order a set for him as well. y daughter and I both love not having to flip to the index when the text is given during the sermon or

during our devotionals, and I like that they aren't bulky or cumbersome and fit so seamlessly into both of our Bibles (mine is a regular-sized KJV, and hers is a pocket-sized KJV). I would definitely recommend the purchase of these tabs -- and have even been a repeat-purchaser =).

But I still didn't like them, I had a hard time putting them on right so I sent my Bible off to be indexed which was quite expensive! I think all Bibles should be indexed or you should have the option to get them already indexed, it is much cheaper. The indexing cost as much as my Bible!

Love the purple shade. Goes perfect with my bible bible.

Love our new tabs. These will be used on my husbands Bible

So my memory for the order of the OT is kinda pathetic and I would (foolishly) get embarrassed when I was slow to look something up in a group bible study. I started using my phone so I wouldn't have to take so much time finding a book/chapter/verse, but I prefer a physical book. So I bought these, and now a few years later, I have all the OT order memorized and don't need the tabs anymore!
