exceptional pictures to identify birds that are frequenting our birdfeeders and birdbaths. The Grandkids are really enjoying identifying birds!

this was a gift to our texas granddaughter to help her appreciate the birds around her.

A handy little field guide. Very informative.

I have over 20 species of birds come into my feeders each year and not even half of them are in this pocket guide. As an example they only list the morning dove. I have them, ring neck and white wing doves here. Was very disappointed.

Beautiful colors. Wish pictures were bigger, but then I would be too bulky for a field guide.

I live in Texas and am familiar with birds in our area. This folding guide is great for when we travel to different ecoregions in our state. Love this pamphlet!

Excellent guide.

My 7 and 9 yr old granddaughters are just getting into bird watching and feeding at their new home and are so excited to see their backyard birds and be able to find them in the book! Is worth the price and much more!
