We love these Flashmaps . Used previous editions for NYC, Chicago, Boston and DC and whenever planning to hoof-it, relying on public transportation--we wouldn't be without the latest edition. Sad to see that we all are waiting for the 10th Edition to be cut for NYC. We even wrote Fodor publisher, but never received an answer, in hopes they are in process of a new update. Love these big cities, but hate to drag and open maps, tour guides and personal notes because we really look like tourists. The Flashmaps are beautiful, clear and concise. We just bought the old 9th Edition for an April trip, but you know that restaurants are no longer the same--even tho classic tourist places are. Best suggestion ever for a flawless trip--is a Flashmap. Count on it.

This is the second time I've purchased this book of maps. I can't recommend it enough for anyone traveling to NYC. It's user friendly and the breakdown by subject (restaurant, hotel, museum, etc.) makes it really easy to find what you're looking for.

Should have waited till I arrived. Simpler maps were available at every street corner. Oh well, trip was great and I will keep this as memorabilia.

This is the best map of Manhattan ever, I used a very early copy of it in 1980 and really appreciate the up date. You can be a tourist without the whole of Manhattan knowing.

I have used this for boston, and wanted to keep in my bag for NYC. Its a great product, very useful to use to get around.
