I have all her other books and LOVE them. This one not so much. They are all very intricate so much so that it's difficult to color them. There's a difference between detailed and just too small to do anything with. Please go back the original way you made them. I feel like if maybe I printed out an enlarged version it would be ok. Cute designs as always though.

Sasha O'Hara is incredibly quick witted and brilliantly funny! My daughter and I laughed our heads off through each and every single page! Seeing a photo of this book online doesn't do it justice-- the cover and illustrations are so cheery and funny; they just make you feel good all over. My daughter and I are ordering them for all of my friends because we know it will make their holiday season! Who doesn't want a snarky Christmas coloring book in their stocking?! Thank you Sasha O'Hara!

WE DON'T HUG. That's the rule in my department. We punch each other in the bicep, set paper-clip booby-traps, and pimp offices with duct tape, tin foil, and spray cheese. We also don't buy each other presents or hold cute themed gift exchanges. But sometimes when a co-worker has gone above and beyond, you gotta do something. This was this year's perfect "something." Ever since, the recipients have been dutifully coloring these bad455 pages and posting them everywhere that management fears to tread. We call it "taking an art therapy sanity break." Hey, whatever works.

sasha did a great job on this book i love it its just the way i feel about the holidays

This was a gift for my daughter (a grownup) that she requested (along with a couple other similar coloring books). She loves it -- the pictures are cute and often tongue-in-cheek. I got a good chuckle flipping thru the book. Pages are printed on one side only and the paper is pretty thick but I would still recommend putting a waste sheet underneath the one you are coloring to prevent bleedthru if you are using markers.

Great to give as a gift! The pages are full of detail and the sayings are hilarious. If the holiday stress you out, sitting at the end of the night for a few minutes coloring a page that calls Santa a 'fat judgmental bastard' just might help you wind down ;)

It's a coloring book. For adults. Can't go wrong! It's hilarious. If you don't have a sense of humor or don't like curse words..don't get it. I got this as a gift and almost didn't gift it haha.

What fun! Snarky Christmas coloring pages. I love it. I have every Sasha O'Hara book that's out there, and I'm always anxious for more. They are funny and uplifting. Sasha knows how to lift your spirits.
