Wine Me Up! The Hundred-Bottle Cellar

Synopsis

Wine Me Up! is a fun, friendly, affordable, and to-the-point series of ebooks for everything about wine. Each issue of Wine Me Up! focuses on a single grape, a notable wine region, a particular cuisine, or an individual facet of wine tasting, appreciation, buying, and cellaring. This a la carte format makes it easy – whether you are new to wine or a confirmed enophile – to find the information you're looking for, without being bogged down in the tremendous amount of detail, trivia, and history that lies behind every bottle on the store shelf. If you know you don't like Cabernet, then you don't need Wine Me Up! Cabernet. If you're a long-time fan and devotee of Australia's Barossa Valley, then you probably don't need Wine Me Up! Barossa Valley – but you might be interested in Wine Me Up! McLaren Vale. This issue of Wine Me Up! teaches you everything you need to know to stock a wine cellar: what to buy, how long to age your bottles, what temperature to serve them at, and what meals to pair them with.

Wine

Customer Reviews

John Feltz has started to develop an interesting reference library for us wine connoisseur wannabes. This first in the series work is about what to initially stock a 100 bottle wine cellar with. While you may not agree with it all, it's a fine reference to start considerations. And it is straightforward and easy enough to just take along to the wine stores loaded onto your Kindle. I applaud John's ability to summarize and put into easily understood terminology the things you'll want to know as you start or continue to explore the amazing worlds of wine.

Very informative and fun to read. An easy read with a nice slice of personality from the author while informing and guiding you on a journey to the creation of your own hidden treasure in a wine cellar you would be proud to not just enjoy but share with others.

This is a quick read that I feel has some good advice about setting up a small wine cellar. I thoroughly enjoyed the author's style and thought the advice was good.
