Given to us as a gift and favorite of our toddler. It has been a favorite for almost a year now. Great drawings, fun content, lots to point out as the child gets older. Plus, babies love pictures (or drawings) of other babies.

The book is adorable, the pictures are great! I bought the book as part of a baby gift and the mom loved it!

My daughter LOVES this! Two thumbs wayyy up! We read it almost every night before bed. Well worth it and sturdy too.

This is a fun book that depicts what life it like for a Manhattan baby in a super cute way. I love that my baby will be able to identify with the story--the strollers covered with plastic, the parks, the busy sidewalks, the apartments.

I like this charming book, but it's a little too sophisticated for my 20-month-old granddaughter. I hope she'll grow into it.

Very cute book! Bought it as a farewell message book for a friend and her son who was moving out of NYC.
