No-Till Gardening (The Backyard Renaissance Collection)

Synopsis

Tired of tilling your garden? Why till, when Mother Nature can do it for you, saving you time and money? Caleb Warnock, self-sufficiency expert provides a foolproof method to toss your tiller and have the best garden in the neighborhood. Armed with fifteen reasons you'll never have to till your garden again and still have the bumper crop that will be the envy of Farmer John, No-Till Gardening teaches a better, simpler way to garden.

Customer Reviews

Caleb Warnock is the popular author of *Forgotten Skills of Self-Sufficiency*, *The Art of Baking with Natural Yeast*, *Backyard Winter Gardening For All Climates*, *More Forgotten Skills*, *Troubles On The Menu*, and more. He is the owner of SeedRenaissance.com and blogs at CalebWarnock.blogspot.com, where you will find a link to join his email list to learn more about forgotten skills. He resides in Provo, Utah.

This book really took me by surprise. I feel like it really helped make things click for me. I have been reading books, websites and pamphlets from all kinds of authors on organic and no-till gardens but the info wasn't clicking for me. I mean it makes sense and all but I just wasn't getting the clear cut path of what I wanted to do. Organic farming and gardening has just as many passionate opinions as hog farmers do about what breed is superior to the next (that's a lot). But this really helped me

with the big picture. surprising

Good - now I can implement all the ideas and suggestions for improving this Arizona clay dust.
Thank you so much for writing in such an easy way to understand and use your ideas. Thank you.

Easy to read, very informative and great price

Very small book, not much to it.

thank you

Not what I thought

Just in time to plan for spring. I intent to use his ideas to improve my garden. I have been no till for years but this could make it easier to garden.

ok
