Product Dimensions: 9.1 x 6.4 x 0.5 inches

Shipping Weight: 15.2 ounces

Average Customer Review: 5.0 out of 5 stars 2 customer reviews

Best Sellers Rank: #3,606,593 in Books (See Top 100 in Books) #42 in Books > Travel > Asia > Bangladesh #1793 in Books > Travel > Asia > India > General

## **Customer Reviews**

Text: English, French, German, Spanish

This has become a rare publication, and as an atlas it sure beats a road map. The only drawback is that it takes more space and weight, but it is very very durable. Anytime you can get it under \$20 is a bargain because it is out of print for a decade.

I was very fortunate to get my hands on a new copy of this handy dandy road atlas in Delhi in 2004. I used it and abused it and brought it back home with me to savor the journey. The roads and "highways" are all there. I found that what is considered a highway varies from area to area of the country - but you will not get lost following the maps. We had hired a driver and a car - and we used the book to find our way across over 6,500 miles of India. It came in handy for our driver and for us; so that we knew where we were going, where we were and showed us how to get where we wanted to be. The maps are really top quality and easy to use. The book really does cover all of the country from the mountains to the beaches. There are some city maps for just the major cities and then they only show the key roads - but it really is enough to get you around. I used this book in 2004 - and I

am not sure if there are any newer editions out there. In India this book is easy to find if you cannot locate a copy in your home country. I totally recommend this as an added book to carry on your journey to India.
