# On Thin Ice (Teen Love Trilogy Book 2)

## Synopsis

Victoria Anderson is a nerd. Ask anyone, including herself, and they will tell you she loves reading more than just about anything else in the world. The only problem with that is the other students at Allendale High School. With practically all her classmates focused on sports, sports, and more sports, Victoria is happy to avoid the spotlight and hang out with fellow nerd and book lover Lilly. That is, until hockey star Blake Frasier comes to her for help. Between his inability to understand the play Macbeth, and his lack of enthusiasm for studying, Blake is in hot water as his English grade begins dropping lower than ever before. Knowing a failing grade will mean being kicked off the school's hockey team, Blake needs help from Victoria and fast! But, as Victoria soon learns, the challenge of tutoring someone like Blake is going to be greater than she first thought. With the final exam looming overhead, it looks like it'll take a miracle to keep Blake from kissing his passing grade and spot on the hockey team goodbye.
