Anytime, Anywhere with 4LTR Press! Every 4LTR Press

solution comes complete with an engaging print textbook, tear-out review cards, an interactive digital solution (Enhanced CourseMate), and an eBook all of which were directly influenced from student focus groups and surveys, and from interviews with students who have taken or were currently enrolled in a Consumer Behavior Course.

**Shorter Chapters.** Shorter, comprehensive chapters in a modern design presents content in a more engaging and accessible format without minimizing coverage for your course.

**Tear-Out Review Cards.** Tear-Out Review Cards at the back of the textbook provide a portable study tool containing all of the pertinent information for class and test preparation.

**Examples Relevant to Your Life.** New feature boxes emphasize current topics that are being discussed within the field of consumer behavior. Updated images throughout

the text help paint a picture of the trends, sights, and sounds that you see every day as consumers.

"Well written, good examples, students will buy it as it is priced reasonably. I cover every chapter." "I find the applied examples, videos and support materials very useful. CB covers the key theories, ideas and practices that I want to cover in my consumer behavior class."

Barry J. He is affiliated with a number of professional associations, including the American Marketing Association, Academy of Marketing Science, Society of Marketing Advances, and Association of Collegiate Marketing Educators.

Good content and breaks things down for individuals to understand. The downside was the access code. It was useless. At least in my class. I would recommend not ordering with the CourseMate code to save a little money.

I needed this textbook for a course and this was exactly what I needed at a good price and quick delivery (prime).

Book in good shape, but in the description it said the online access card was part of it and when I got it, it had been torn out...

I didn't end up using this much for my class, but the book is fine as is. It's pretty basic and seems to have a lot of common-sense knowledge.

I had to buy this for a college class. It was the worst textbook I've ever read. What it lacked in substance it gained in fluff.

This arrived with 1/2 of the front cover ripped off and 3 pages chewed on. The rest is usable -

Actually a nice book and very well written. A little too wordy though.

Well written book and delivered on time!
