Hanna Karlzon is an Umeå, Sweden-based illustrator and creator of the best-selling coloring books, Dagdrömmar and Sommarnatt, previously published in Sweden. She creates elaborately detailed images using India ink to detail pictures from her own imagination and loves to draw flowers, forests, houses, and animals. She draws her inspiration from the natural world that surrounds her studio in northern Sweden and adds in some art nouveau, punk rock, and often a hint

of 70s design to the mix.

Beautiful coloring book!

I just colored my first page, in this book, and I thoroughly enjoyed doing it! I used my Derwent Inkense pencils, only, and activated them with water...which is my absolute FAVORITE way to color, and the paper in this book handled the wet medium, like a champ! This is so exciting! I have all these Hanna Karlzon books, but this is the first one I've actually colored in. It's not easy to find inexpensive books, with quality pages that can handle water...now I know, and I plan to color the whole book that way. If you like using a bit of water to color...look no further.

Love your work..

Another great hit for Hanna Karlzon. I have all 4 of her books now. I really like her drawing style. This is a beautiful hard covered book. The paper is heavy and wonderful for gel pens and color pencils. I have used markers a few times on some of her previous books. As long as you don't have a heavy hand they actually work too without going through the paper. I believe they were Bic markers or Sharpies. I've also used these pens (shown below) for some tiny detail work in most of my adult coloring books and they don't seep through either. I believe these pages are bound with glue. Her books look like they are very expensive books. They really are beautiful. I had to buy a gift for a 15 year old girl for Christmas. Let me tell you, it was a hit with her and all her friends at school. Please if you have any questions don't hesitate to ask. Hope you enjoy this book you as much as I do.

Received mine yesterday and am so excited to put color to this book! The pictures are beautifully drawn, in HK typical style and whimsy. The paper is quality, and the book is hardbound. This is an excellent 5star addition to her collection.

Another beautiful book from Ms. Hanna Karlzon! Cream colored, thick paper. Gorgeous images. Hard backed! This is the way coloring books should be made! Images are printed on both sides of the paper. I absolutely adore Hanna's artwork. This book features all four seasons. Great variety. LOVE LOVE LOVE!

I have a serious adult coloring addiction. I'm not an artist. But, I love a book that has unusual, intricate, beautiful pictures. I have purchased all 4 of Hanna Karlzon's books and never been disappointed. I love Johanna Basford's books as well. If you're not familiar w/ Ms. Karlzon's books, I'd say they are a bit similar to Ms. Basford's as far as quality goes. There's more imagination to Ms. Karlzon's books. I'd say that Ms. Basford's lean more to whimsy. I can't stand cutesy tootsie books. But, I do love these books. The images are drawn beautifully. While there are similarities in all her books, Ms. Karlzon somehow keeps it fresh & fun. I smile as soon as I open her books. She places quite a few gemstones in her pictures. I've found coloring those with glitter gel pens really makes them pop when the rest of the page is colored using colored pencils. I've even added a light layer of glitter glue over some & they came out great. It might not be considered "art

Another beautiful book. This one has a sort-of-seasonal theme (the title should mean this doesn't surprise anyone) with fewer flower/leaf/wildlife and some more stars/cosmos/stars/crystals. It's SummerNights meets Magical Dawn with a little touch of the Winter Nights postcard set (which I would LOVE to see released as a book!), so if your favorite is DayDreams, you might feel a little left out on this one. Purely out of personal preference I would have liked more bugs & scrollwork, but I'm happy with more fish & gemstones.
