Customer Reviews

This was an OK book, but I can't say that it readily prepared me for the French CLEP test: the actual CLEP that I took (September 2016) was much harder than the examples in this book, and so additional French language experience, courses and study materials will be needed in addition to this book. This book achieves some objectives, and perhaps if I was looking just to pass, then it'd be fine. However, I wanted to pass with a high mark (to get the advanced language level CLEP score), and to that aspect the book is too underpowered, straightforward and the language examples far too simple.

This French CLEP Test Study Guide was helpful in helping me prepare and pass though I speak it on a semi regular basis already. I'd recommend it to others but you do need a basic knowledge of French to begin with...

I failed!
