Customer Reviews

Bummer of a guide. All text, no pics or maps. Also, it says Ocarina of Time 3D, but the game guide is not mapped for the 3DS. Meaning the buttons on the guide don't correspond to a button on the

3DS. Appears to be a bit of a bait / switch because the 3DS model is the only '3D' version of the game. Also - everything is black / white. Which is fine, but I'd expect there to be some markings to annotate the different sections without having to use 3-4 different bookmarks to thumb through. The content is good and all walkthrough detail appears to be there. But you could download that for free on Gamespot or any other gaming website. Disappointed.

no pictures, but once you get use to the orientation style its just as easy as one with pics
