Customer Reviews

I inherited four of these cute babies. I'd never had them before so this book guided me about their

diet and care. I'm glad it listed foods not to give, I don't want to make my babies sick. They are so cute and love to cuddle.

Very disappointed in this book I was lead to believe it would be more extensive than it is. The information I got is all information I could have gotten from anywhere. Not worth \$\$\$

Like some of Sarah Yee's other books this is rather basic. I am satisfied as I didn't pay a lot for it but I had hoped to learn more.

My 14 year old daughter read this from cover to cover. Then she talked non stop about Guinea pigs. Was very informative.

Awesome

Very easy reading.

It was exactly what I needed to Learn about our newest addition to the family :)

We love reading all that we can to make our piggies as happy as possible.
