Mark Bellomo is one of the top toy experts in the country, having written hundreds of magazine articles and numerous books. He is considered an authority on action figures, particularly G.I. Joe, Transformers and Star Wars. Bellomo has also authored a number of books on toys and popular culture, including *The Ultimate Guide to Vintage Star Wars Action Figures*, *Transformers: Identification & Price Guide*, *The Ultimate Guide to G.I. Joe: 1982-1994*, and *Totally Tubular 80's Toys*.

The item came very quickly and in excellent condition. As a collectibles dealer I need to be in know

with pricing and knowing what items either look like or if any variants exist, this book covers quite a few of these and a wide variety of products from Action Figures to Hot Wheels. This is the 2015 edition, but it still gives enough info that I can make my pricing decisions using it. A+ here!

This book is mainly black and white text of exactly what the title implies- small print listings of many toys with their description and prices. In the middle is a nice glossy section with picture of some popular toys of the past. I purchased this as a gift for someone who loves to thrift shop and he loved it. He enjoyed just looking through it and remembering toys from the past. The book came quickly and in great condition.

I love to look things up and this book has Most Items I was looking for.

It is an awesome guide with a big mix of new and old toys. Many different types o toys are covered too. The listings are easy to read and has many photos in each section. Looking forward to using it as I collect more toys.

Wish the book had more pictures.

Very informative

Outstanding insightful

book!

Great resource. Fun to flip through.
