## Customer Reviews

I have taught reading for ten years. I feel like this book is congested with too many words. It could be more concise for the age group. It also could stand to offer up more tools conducive to early literacy (repeated phrases or sounds, etc.) This is just a PJ MASK episode written in book form.

I love these "superhero" books for little kids. My grandson adores them. They are like the Mr. Rogers of superheroes. They get their power from their special pajamas (hence, PJ Masks), and they learn lessons like gentleness and team work. Very nice series.

We've been reading this book all morning, my 4 yo loves it

Great book for the young dinosaur children.

Grandchildren like the PJ Mask series of books

My 2 youngest grandkids love this book...

Don't buy this book on kindle. The formatting is just horrible. I am filled with regrets and more than a bit annoyed.

Gift for grandson
