The book arrived quickly. *The Ask* is a very helpful book!

Great review in how fundraising works. I always recommend it as a primer. And, it is an easy read despite the details.

This book offers both tactical and psychological advice on The Ask- providing insight for future fundraisers as well as seasoned fundraisers who have asked for thousands of gifts. I promise this book will make you think about your tactics, approach and process. Very insightful and very helpful- I highly recommend!

Extremely well written book with many, valuable, insights for fundraisers. Loaded with examples on how to deal with real-world issues that anyone asking for money will benefit by. I would have given it a five if it had spent more time on personal fund raising for entrepreneurs and new start-up companies.

Laura knows the art of conversation and creates a simple straightforward ask. The book is applicable for everyone who has a case to present.

So far this book had been very informative.

Great content. Very readable
