Very nicely done book. Good variety of different style bags. Nice explanation and well prepared patterns. Can't wait to try a few of these creations.

Nice book. I look forward to making items from this book with my new sewing machine once some other WIPs are completed.

Nice book with a variety of patterns. Basic information on purse making but don't regret purchase

Good book with lots of patterns

I love sewing bags and they have so many ideas it makes your head spin. I love their website also. Log on everyday.

YAY!!!! This is a great book - no matter what level of sewer you are (nubie sewers to experienced sewers), this book has something for everyone. I am so inspired to sew more bags and totes - especially since I love to embroider as well. The definitions of terms as well as the explanations of how-to's is especially helpful.

These are the type of bag projects that look like you purchased them in a high end store. If you like to pick your own favorite fabric and want stylish totes in those fun fabrics this is the book for you. Great directions will guide you step by step through hardware and assembly.

Good book for making bags and totes. Enjoying the easy patterns. Will use again. Very good illustrations. Thank you!
