Joanna Cole and Bruce Degen, the author and illustrator of the Magic School Bus books, have collaborated for twenty years, bringing humor and true kidlike curiosity to science and learning. Booklist heralded Ms. Frizzle as "the wackiest, wisest teacher in picture books." Two MSB titles have been named School Library Journal Best Books of the Year, and they have won countless state book awards, from New York to Nebraska.

My son LOVES all these non-fiction Magic School bus books. They are great! Really good information, laid out well, and wonderful real life pictures.

This is pretty difficult to read as an e-book, especially for a child. It is a good book and the pictures are beautiful, but I would definitely recommend getting this in paperback rather than digital.

I love this new format for Magic School Bus. Great combination of graphic art and photographs. Accurate content. Worth the price for grades 1-4 classrooms.

You know when you pick up a Magic school bus book you are in for a treat. Miss Frizzle takes the class on amazing field trips and they learn so much along the way. This time they are off to the Arctic and Antarctica. They see first hand all of the wildlife that call it home. As a home educator I wish that I could take my kids on trips like these! For the time being the book will have to suffice. A must read for fans of the Magic School Bus series!
