## **Customer Reviews**

The dealer was great and I received the book in a timely fashion. However, the book itself fails--for me--because it does not include pricing from signed event programs. Nonetheless, I am certain that it serves as great reference for those who have other types on autographed materials (eg. photos, letters, art).

very informative

MOST OF THE PEOPLE IN THIS BOOK ARE LONG GONE. I WAS LOOKING FOR SOMETHING A LITTLE MORE CURRENT THAN THIS.

Save money if you want to buy this three year old guide and buy it direct from the publisher in the auction section where he offers it for only 12.00 which is fair since it is out of date material..for the

up to date prices try the Official Price Guide that is published by the Autograph Collector magazine..who better to know the real skinny on prices then the top magazine in the field.

This book is a must for autograph collectors. Seems like everyone (non-sports) who is collectable is in this book. I don't purchase an autograph (or bid on one) until I check this book. Don't pay too much for an autograph -- this book pays for itself.
