Adorable and fun book! Favorite of our 6 month old granddaughter. Especially effective when read with drama---blub, blub, BLUB! Get it! You'll enjoy it as much as your little one!

Not as good as the original book but still cute and fun to read to my granddaughters

We love this book! Our daughter is 18 months and dances back and forth when we read the Pout Pout pages. She also has us skip right to those pages sometimes :) Great book and adorable illustrations.

My toddler LOVES "The Pout-Pout Fish", and this is another cute book in the series. It's much shorter than the original book (it's a mini adventure), and the rhythm isn't as satisfying as the original, but it's a cute, short book (and sometimes short books are nice!) with a nice message.

My 1 year old loves these books and they are fun to read too!

I didn't realize when I bought this just how SHORT the story is... It takes all of about 1 minute to read. I wish it was a longer story/book. But if your kid is a pout pout fan, they will be happy regardless of the length of the story. Heads up, this is a 5 page board book for little little young kids... not what I was looking for to read to my 3 year old

I'd give it 3.5 but I can't. It's not like the "pout pout fish" book or "the pout pout fish in the big big dark". It's much more simple and shorter. Cute but nothin special. Get the other 2 books I mentioned instead. Those are amazing!

Not a full size book. My son loves the original pout- pout fish book and thought he would love this too, however, this book isn't as well written as the original or even pout-pout in the big dark. This is a small quick book.
