# Contextualized French Grammar: A Handbook (World Languages)

## Synopsis

CONTEXTUALIZED FRENCH GRAMMAR: A HANDBOOK is a reference guide for lower division French-language students designed to help bridge the gap between lower-level language classes and upper-level content classes by developing students' awareness of how grammar functions in discourse. The handbook presents grammar rules in a detailed yet concise manner so students can learn to create language and develop greater awareness of language and comprehension in different contexts. Instructors may use the handbook as a supplement to the materials they are already using or students may use it as a self-guide.

## Book Information

Series: World Languages

Spiral-bound: 336 pages

Publisher: Heinle; 1 edition (January 1, 2012)

Language: English

ISBN-10: 1111354146

ISBN-13: 978-1111354145

Product Dimensions: 6.3 x 0.5 x 9 inches

## Customer Reviews

**Features From the Publisher** Explanations in the book are based on the most common questions that French language learners have asked the author. This book is written to help learners better understand French grammar in various contexts. Contextualized French Grammar incorporates a user-friendly format, including common questions that a language learner might have and contextualized examples. The author includes notes about how written and spoken French differ. The book offers clear explanations in English of the most important French grammatical topics. At the end of each chapter, readers have opportunities to practice what they've learned. Answers are included in the appendix. Excerpts from Contextualized French Grammar: A Handbook [Click to download.](#) [\[PDF\]](#) [Sample 1](#) [Sample 2](#)

"We need to bridge the knowledge that Applied Linguists have with the undergrad language learning experience, and this book seems like an excellent tool to that end." "I find the contents and chapter organization useful and easy to navigate." "The prose is clear as are the examples. I particularly like the Q&A format of the prose as it reinforces the user-friendliness of the manuscript highlighted in the overview."

Other reviewers have already praised the format of this book and how it is a helpful tool for students wishing to improve their language skills. I agree completely, and intend on using this as a teaching tool this year for my students in classes that range from beginner to advanced. The book tackles many grammatical points not found in other books and provides information on both the written and spoken aspects of the French language. The book is very teacher and student friendly, so it is a must have for any serious scholar, and it is a very welcome addition to my personal library. My only "criticism" is that there isn't a book out there on Contextualized Spanish Grammar, because as a teacher of Spanish as well, I am sure it would be a most helpful resource for my students of Spanish!

I was required to use this for one of my college french classes. It ended up being a resource for everything I do in French. Just a great resource for any french major or minor, or someone who writes in french. Almost two years later and I still refer to it.

I got this as it was required for a French course I was taking, and I have kept it with me since because it is such a great reference piece!

Very helpful for my French 3 class. The book was a bit more battered than I expected.

I love it!

Perfect condition, cant complain

It is going to help me pursue my major and will give me tips along the way during college over the years.

This book met all my expectations and I will use it frequently when I have French grammar questions and queries.
