"Bright" is an understatement. You can't tell from the product photos, but the colors are almost neon. Too bright for my tastes, but I couldn't tell until I removed the plastic wrapper ... not returnable now, I guess.

It's okay, tears easily if you aren't careful, colors are kinda boring.

These are great. Great colors and great to fold into small pieces!

My son has been having a blast making his origami with this paper.

Great colors, perfect size, great price.

Perfect for my needs.

Nice assortment for beginners. Maybe a nice gift for kids. There are better bargains however.

Combine this paper with other solids and pattern paper to make outstanding shapes. Origami geometric shapes help students to go from concrete to abstract thinking.
