## Customer Reviews

This is a great item if you have extremely busy days or wish to use this as a journal. I just wanted to draw attention to the fact that this is a DAILY planner, meaning there is a page for every day for 18 months, so it is quite thick. It is not the "Weekly Planner," which is much less thick. This would be ideal for someone keeping a journal as each page has a single day indicated.

I LOVE this planner. It's both my first daily planner and my first Moleskine planner. Because of the nature of my classes this year, I really needed something that would not only keep me on track, but allowed a lot of room for me to add and change my schedule. This does the job and more. I use the planner with a Moleskine pen, which surprisingly doesn't work that well with this book. The ink is very runny and tends not to dry very well on the paper. However, that's an issue of the pen and not the book. I would absolutely recommend this planner for anyone who has an extremely hectic

schedule and needs something a little more than those \$5 monthly planners you get at Staples. Just be aware that because this is a daily, the book is quite thick and big. Otherwise, I think anyone who purchases it will be very happy.
