Customer Reviews

Before becoming the 1st Memory Master Champion on FOX's Superhuman Show, Luis Angel Echeverria was struggling in school because of his bad ability to Focus and Remember. He had a 1.0 GPA his Freshman year and ended his Senior year in high school with a slight increase to a 1.75 GPA. He then went on to learn how to improve his memory from his memory coach and raised his grades in college to a 4.0 GPA! See what other things Luis Angel has accomplished by improving his memory and the memory of thousands of others who struggle with retaining information. * 1st Memory Master Champion on FOX's SUPERHUMAN * Founder and Main Memory Coach at AE Mind | Accelerated Empowered Mind * Competed in the USA Memory

Championship, Australian Memory Championship, Taiwan Memory Championship, Spain Memory Championship, and more * Memorized a 120 digit number in 5 minutes with Perfect Recall * Memorized a Deck of Cards in 2 min. with Perfect Recall * Was the Youngest American to Compete in the World Memory Championship * Coached the AE Mind Memory Team to a 1st Place Medal in the Numbers event at the USA Memory Championship * Started AE Mind Memory Clubs in Los Angeles High Schools and in Universities such as UC Irvine and UC Santa Barbara. * Speaker for Schools, Organizations, and Companies to help students and professionals have a "Better Memory Now" * Author and Creator of the AE Mind: Better Memory Now Series

This book had really helped improve my memory! The visualization method made memorization a lot easier. I used to just force my mind to remember the sequence of letters for each word in a forceful manner. This works for a short period of time, but I lose most of what I learned in the course of a semester. Luis' way of memorization technique helped me retain a lot more of what I learned, even after the semester is over.

I just purchased this mini e-book and found it to be excellent. Highly recommended for this book! Well done Mr. Luis Angel Echeverria and thank you!

I think visualization is the best way to remember anything if you can't visualize it you will definitely forget it as we remember most of what i see not what we listen. And this is why the children books always carry an image beside the words. what Luis Angel described in this book is my perfect recommendation for my friends who is having English vocabulary problems. I personally believe if the words can't dance in your mind in a rhythmic way you won't remember it.

I've always had a challenge with vocabulary and the english language in general. I have a hard time remembering peoples names, new vocabulary words and how to spell them. This book was great. The visualization techniques helped a ton, and I wish this book existed a few years ago when I was in school and had to memorize... Well at least I have it now!

You can spend countless hours studying and reiterating various words and their meanings, but it won't guarantee that it will stick when it comes to taking a test, such as the SAT. This book features various memorization methods that inspire creativity and storytelling that take a completely different approach to vocabulary studying that is used by the best memory athletes and has definitely

helped me in my college exams.

If I only had this vocab book last year, I would have done a lot better sat test. I will be preparing a lot of diligently now this time around when I retake them. This book is a lot of help with my sat prep

This book has taken my awareness on dealing with new vocabulary words to a new level. I have decided to learn a new language and I plan to implement techniques demonstrated in this book. I have read two other books by Luis Angel and love his style of writing and teaching techniques.

Luis Angel has done it again. Another great learning tool that is easy to read and very effective! Great book and please do not stop writing. Sal Piacente
