COAST GUARD INVESTIGATIONS: A 5-Books Military Romance Series

Synopsis

THE COMPLETE SERIES.5 books and NO cliffies!Book 1: Pipe DownThere's nothing like meeting a really terrific woman on board a luxurious yacht travelling through the Aleutian Islands. Brooke is beautiful, talented, and fun to be around. She's everything a guy like me could want. At least that would be true if I wasn't lying to her because I'm currently on an undercover mission for the US Coast Guard. As if that wasn't bad enough, I'm supposed to just stand by and let those modern day pirates try to raid the yacht. That's why I'm here. This chartered cruise ship is a potential target, and the passengers are just bait. Too bad I can't see Brooke as just another passenger. Not anymore.

Book 2: Over a BarrelThere is nothing about the phrase being captured by pirates that sounds normal in this day and age. Unfortunately for me, that's exactly what's going on here. Add in a fierce storm, a sinking cruise ship, and we pretty much have the makings of a dramatic made for TV film. It's true. We even have a drop dead gorgeous lady pirate named Jade who is the sexiest antihero I've ever seen. I know she's not like the rest. She's already saved my skin too many times for that. But Jade isn't just an unusual pirate, she's an unusual woman. And no matter how this whole adventure turns out, hers is the story I want to follow.

Book 3: Toe the LineI thought I had everything under control when I went aboard the Inuit Cruiser to take charge after the storm put the ship on the rocks. But about the time I start handing out the orders and trying to put things to rights, out walks Grace Morgan and all of a sudden I am a bumbling eighteen year old once again. The woman is even more beautiful now than she was on the day we divorced. The sexual tension is so thick it's practically suffocating, and even my men are starting to notice. But Grace has changed. And the more we try to unravel this whole pirate plot to hold her and her son for ransom, the more I realize I'm going to do anything I can to keep her safe.

Book 4: Loose CannonI've always done my duty for the Coast Guard. That's why I'm a Chief Petty Officer. But right now I feel like our whole unit is off course and headed nowhere fast. My task? I'm supposed to watch the former head of security for the cruise ship because my commanding officer has put her in jail. The thing is, I just don't think this is where Liane belongs. And it has nothing to do with how gorgeous she is. Well mostly nothing. People don't see Liane the way they should. She's tough as nails and she's hiding some things that I think will shock us all. But without trust I'll never learn those secrets until it's too late.

Book 5: Hand Over FistMiranda Cray has never done anything to

deserve the bad reputation that seems to follow her like lint. The girl lost her father while at sea during a storm. I think everyone is entitled to a little bit of crazy after that happens. But the thing with Miranda is, she's not the kind of woman to get knocked down without getting right back up again. That's what I respect about her. When these pirate jerks find some new way to bend the law, Miranda is the first person to come up with a way to get in their faces and make the charges stick. She's brave. She's pretty as hell. And I'm almost certain that I'm in love with her. The problem is, I'm not the kind of guy that does long term relationships that that's what Miranda deserves. Maybe this is where I need to step up and find a way to make it work before she's lost to me for good.

Customer Reviews

A very good book , it had you on the edge of your seat waiting for what was coming next.

I loved how it was wrote..the character..adventure. perfect! But the ending sucked. .what happened to the rest of the...what about the mayor and judge..left ya hanging.

This series of books has it all, drama, emotional, mystery, intrigue and hot hunky men. A must read!

The interweaving of this one was interesting. It did keep me entertained.

Disappointed. If I had not paid for book I would not have completed reading it. Has anyone told you that you do not need repeated sex by detail for most characters in your story. Get a good story, tell it...it gets so boring otherwise.

All books in this set were great reading . Recommend it

Great book. First time I've read this author. The book was very captivating. I would thank k it was close to the end and then something else would happen.

Enjoyed... a great read
