for both school and self-study. With the various cases and colorful charts, it makes Biology a lot easier and more accessible to students

Perfect. In great condition.

good quality.

I order two sets of books for my son. One for home and one for school. I ordered two of the same ISBN number books. One was a full book and the other was only the core edition. It is of no use now because his class is past where the book stops.

Got this product as a Father's Day gift. He loves the product. For its price, it is excellent quality. A very good looking tool too. In addition, the customer service was excellent. I certainly would

recommend it! EVERYTHING IS GREAT. very useful. so fast, receive it next day . my family all need it ,
