Customer Reviews

Heather Cushman-Dowdee is the voice of so many of us who breastfed (or still breastfeed) our babies. She has hit on so many things that match exactly how I have felt and feel. She is truly gifted in her art and the way she expresses herself. I wish more people knew about her comics (and her books under the pen name HD Knightly).

This one is going to take a while to expunge from my brain. The artwork is so bad I think it might have slightly reduced my own skills. Hathor's head is way too big for her body and never follows the rules of perspective - like the cow muzzle ALWAYS faces the camera, no matter which way the head is turning. *shudders* On top of that, the comic is condescending, self-righteous, preachy, and full of straw-men to knock down. We get it, OK! Breastfeeding is forbidden in many places and that's plain wrong for a lot of reasons; you don't need to draw a horrible comic belaboring that point.

Didn't care for it
