TerryGami, 15 Cloth Toy And Ornament Projects For Crafters, Teachers And Children

Synopsis

There's a new craft in town: TerryGami! TerryGami is a fun craft that shows children how to shape and sew cloth toys and holiday ornaments out of washcloths. Not only will children learn how to sew, it will improve their dexterity at the same time. Moms, here's a new solution to that nagging question: "What can I do to make my kid's birthday party special?" Leaders of children's groups of all kinds will now have a fresh new choice to engage children's hands and minds for the next group meeting. Teachers, parents, and children will love TerryGami's versatility for creating gifts for personal use and craft sales. TerryGami cloth critters are inexpensive, easy to make and can serve many purposes: decorations, sachets, treat boxes and favors. Some are designed to be used to soothe a child's boo boo; just place an ice cube between the rolls. Colorful and inexpensive terrycloth washcloths and utility cloths are sold in large bundles at discount department stores and online.

Customer Reviews

Terry Crowley has really hit on something here with her terry cloth origami critters! I am not a particularly handy crafter, but even I could put together cute and decorative iconic holiday figures following her easy, step-by-step directions. Girl Scouts, Vacation Bible School classes, after-school programs, elder craft groups at assisted living facilities -- the possible groups who could have fun making these crafts are endless. The materials are inexpensive and easy to find, and each "critter" takes only about 30 minutes to make from start to finish -- even less if you're handier than I am! More, more, we want more! I hope Terry comes out with even more fun ideas for more wash cloth

art!

I've made a few of the critters in this book. The end results are cute and decorative. The instructions are easy to follow. I like it because its a craft where you can sit down and create a complete project in one sitting, without a lot of complicated tools.

This is a beautiful book with creative ideas for children. The crafts would make great party favors or would be a wonderful way to occupy kids with an interesting project at summer camps or after-school clubs.
