Hospitality Law: Managing Legal Issues In The Hospitality Industry

Synopsis

Hospitality Law, Fourth Edition maintains the logical flow developed in the Third Edition, but now with the latest updates and revisions with regard to changes in the law that ensure the most current information is presented for hospitality law students. The Fourth Edition includes information on relevant recent events and trends, such as the impact of recent economic collapse on hotel development, sections updated with increased international perspective, added information on data privacy, increased information on safety and security, and updates to legal case studies and decision-making legal scenarios. Chapter web exercises have also been updated to ensure accuracy, and strategic links have been added throughout the chapter to ensure currency with regard to law changes since the last edition.

How hospitality managers prevent legal problems and avoid litigation This comprehensive text prepares students and professionals in hospitality management to negotiate the industry's complex network of legal requirements and manage their operations in a way that will minimize the risk of a lawsuit. Hospitality Law combines relevant legal information about the industry with a series of interactive exercises that foster preventative legal management and effective decision-making. Rather than poring over case law, students learn decision-making through active participation in critical thinking exercises, hypothetical situations, and team activities. By looking at how various parties made choices and how legal problems could have been avoided, students will learn to apply

a practical legal awareness to their own actions. Classroom-tested to assure understanding and application, this fresh approach to teaching hospitality law: * Stresses an interactive approach to learning and decision-making * Emphasizes real-life situations rather than extensive legal citations * Includes legal guidelines to help hospitality managers avoid litigation * Covers safety and security requirements, disputes with customers, hiring and firing employees, liabilities associated with serving alcohol, and much more * Familiarizes students with technology through Internet searches Supplemented with numerous checklists, step-by-step procedures, and written forms to help students create legally compliant policies and respond to changing situations, Hospitality Law is destined to become an indispensable part of every hospitality manager's education. --This text refers to an out of print or unavailable edition of this title.

STEPHEN BARTH is an attorney and Associate Professor of Hospitality Law and Leadership at the Conrad N. Hilton College of Hotel and Restaurant Management, University of Houston, Texas, and the founder of HospitalityLawyer.com. --This text refers to an out of print or unavailable edition of this title.

I have now been a Hotel GM for 41 years, and I can honestly say that this excellent book should be on the short list of required reading for all managers and owners in the hotel business. I have been acquainted with the author from my work in the hotel industry for many years. He is a Hospitality Law Professor at the University of Houston, and I have sat in on many lectures he has given at Hotel conventions all over the country. He has helped me many times with excellent advice, and I just had to have this book. I had an older edition, but this one has some important updates, as the laws are constantly in flux. This book is yet another example of why he is so heavily sought after for lectures, and advice. I trust no one as much as him when I have an issue arise. Keep up the great work Stephen!

This is a law book used in university classes. It is very detailed, includes many solid examples and case studies. The Q&A sections at the end reinforce the highlights made throughout each chapter. There are perhaps three exceptional law books today that are current and that can also be used by expert witnesses and attorneys looking at industry standards. Dr. Barth's is definitely one of these three and I highly recommend it. Dr. John Hogan Hospitality Educators Hogan Hospitality s

Not geared toward law students. Very simple and easier to understand for laypeople.

Really enjoyed the quality the book is in

Hospitality Law: Managing Legal Issues in the Hospitality Industry is a very informative, but more importantly it explains its subject in language made easy to understand. I was in particular looking for some background information in the gambling and gaming sector. To the point, this book explained issues in language simple.

This book was extremely helpful in introducing me to the laws of hospitality. I never knew so much went into hospitality!

Awful condition, book was off the hinges had to glue it to keep pages from falling out

excellent book,I learned so much about the Hospitality law
