Man Cave: Design Your Den: Everything You Need To Know To Design Your Own Man Cave

Synopsis

The man cave is considered by many as an informal term and hence is open to interpretation. However, the most accepted definition of the man cave is it is a room where men can "do whatever they please". This catchphrase can take on many definitions in itself. A man cave can be any room in the house that's purpose-built for the man responsible for its construction. A man cave can be a place where a man, maybe together with his buddies, can retreat into when they feel the need to isolate themselves from the outside. Simply put, it is a private space built for men. But where to start? Well, if you have been thinking it's time to build YOUR man cave, this book will tell you everything you need to know....Which room to use, different man cave themes, furniture, accessories and more. Customer Reviews

So brief to be of no practical help, whilst reading like a 13 year old's school essay. Basically tells you nothing that wasn't barn-door obvious already.
