Condition was stated as acceptable. Maybe some markings etc. I received a water damaged book with stuck together pages BUT the best part? Full of mold which I am highly allergic too!

It wasn't really clear which of these books went with what. For that reason, I am a bit dissatisfied. After I got the book home and read some of it, I realized I really wanted The Complete Word Study New Testament. Also, I was a bit surprised with the broken/ripped back cover. I did not see any mention of the book being damaged.

I had no idea this was a Bible too! I thought it was only a dictionary/lexicon. I must not have read the description very well. But, I am delighted to have a more in depth book in my library. I love the Lexicon and truly that was my intention to purchase a more in depth one. Dr. Spiros Zodhiates has a great understanding of the language and I appreciate his insights very much.

If you're serious about your studies, you need this! A very powerful tool to have in your biblical library! It brings the Greek language of the scriptures to life and relevant.

The Complete Word Study Dictionary: New Testament is perfect for the lay person who wants to take bible study to the next level. You will need the Complete Word Study:New Testament as a companion so that you can go to the dictionary and look up the Strong's number. I also have the Hebrew-Greek Key Study Bible NASB. This bible also contains the New Testament dictionary, but the Word Study Dictionary can go into much deeper detail on many Greek words. In fact some words have several pages devoted to them. I use the Hebrew-Greek Key Study Bible for study and look up the "key" words in the Word Study Dictionary. If I want to know more about the meaning of other "non-key" words then I find their Strong's number in the Complete Word Study:New Testament and look them up in the Word Study Dictionary. If I want to know more about the Greek grammar behind a word then I find the grammatical code in the Word Study:New Testament grammatical notations. These codes represent grammatical construction in the Greek New Testament. These codes are also in the Hebrew-Greek Key Study Bible. The bottom line is that the Complete Word Study Dictionary:New Testament allows one to "dig deeper" into the New Testament Greek without knowing Greek and will revitalize your bible study.

Great price excellent shape for 1/2 the price

This book took copious work to compile and define meanings into English of Greek and Hebrew texts of the Bible. Also give commentary.

This is a totally remarkable resource I have used SO MUCH in my pursuit of my Doctorate degree in Divinity! It goes beyond just a dictionary (like Strong's) and explains in more detail (gives more "flavor" and meaning) than some other concordances or resources. If you are serious about understanding, presenting, and becoming the person of God He is calling you to become, this is a MUST HAVE!
