Forsaken By Magic: A Prequel Novella (The Baine Chronicles: Fenris's Story Book 0)

Synopsis

A novella exploring the origins of Fenris, one of the most beloved characters from the Baine Chronicles. Lord Polar has everything he wants. Wealth, power, respect, beautiful women eager to marry him – there is very little the Chief Mage of Nebara lacks in his life. Except, perhaps, compassion. Mages are taught from an early age to rein in their emotions, that they are superior to humans and shifters, and that they must rule with a firm, unyielding hand. But when an execution order for a little girl crosses Lord Polar's desk, his entire world view is called into question. Especially when he realizes the depth of corruption within his own office. Saving the life of an innocent child should not be a hard choice. But if Polar helps her, his own life will be at risk. And with enemies lurking in the shadows, waiting for him to fall, he cannot afford a single misstep. | Scroll up and grab your copy today!

Customer Reviews

This novella is probably only of interest to those of us who have read the Baine chronicles. It is a

short background story telling us how a beloved side character was changed from a powerful human mage to a less powerful wolf shifter. In a way, the logic was a bit disappointing, in that his great 'sacrifice' seemed a bit sudden: after years of being at the top of the food chain, and thus having years of making hard decisions, he suddenly seemed to develop a soft spot and act a bit recklessly. We guess that he must have been angry and a bit depressed after discovering the behind the scenes manipulation that had been going on, and thus he decided to risk going out with a bang, as it were.

I really like the original series, and I like this spin off a lot as well. I enjoy this author's ability to address social justice issues from all party's points of view, without making the book an all out political rant. She points out class privilege, but also advocates personal responsibility. Then even while doing this, she manages to tell a really light entertaining action story with some romance in an interesting fantasy world. There is not a lot of offensive language, which I especially appreciate in this day and age. All in all, I just thoroughly enjoy reading this series.

Jasmine Walt has written a fascinating story about Fenris's life. Every time I read one of her books, they leave me wanting more. I'm excited to start reading this new series. Can't wait to start book 1

I love the characters in this book. Action and surprising uplifting. It is never easy to do the right thing. Cannot wait for the next book TOMORROW

Wow! So that is what happened to turn Polar to Fenris. Such a good series! I can't wait to read the next one!

Now I know where Fenris came from. I love your books and this one was no exception. Too bad it was short.

Another great adventure. I really enjoyed this insight into who he was.

Great I love it
