# Hidden Utah: Including Salt Lake City, Park City, Moab, Arches, Zion, And Bryce Canyon (Hidden Travel)

## Synopsis

An update combining unique travel choices, outdoor adventures, and little-known locales into guides where vacations meet adventures, each title in the "Hidden" series also offers readers the comfort of detailed maps, Internet information for each listing, author picks, suggested itineraries, and walking and driving tours. The special features of the series include: hidden spots; author's favorite picks; 3-day getaway itineraries; driving and walking tours; website and e-mail addresses; and maps that "zoom in" on each area.

Product Dimensions: 7.9 x 5 x 0.9 inches

Shipping Weight: 14.4 ounces

Average Customer Review: 4.5 out of 5 stars 4 customer reviews

Best Sellers Rank: #2,552,900 in Books (See Top 100 in Books) #34 in [Books > Travel > United States > Utah > Salt Lake City](#) #3304 in [Books > Travel > United States > West > Mountain](#)

## Customer Reviews

The Hidden guidebook series hot-peppers its pages with little arrows that point to a multitude of off-the-tourist-track sites. --This text refers to an out of print or unavailable edition of this title.

Kurt Repanshek is a freelance editor and writer based in Park City, UT.

The book is fine as a background information, but we found it insufficient and a bit scattered in its attempt to cover so many places. It completely lacked to mention any price ranges on hotels (luckily we had the AAA travel book with us), and failed to put pertinent information about a specific location in an organized and easy to find way.

The author, Kurt Repanshek, provides the reader with an informative and entertaining description of

Utah State. After the introductory Chapter 1, "Utah Wandering", where an overview of the history, environment, and information about travelling and lodging as well as sports and leisure are given, seven other chapters follow and focus on the different areas constituting the territory (see below for the table of contents). In each chapter a preliminary description precedes details and peculiarities characterizing each area, and maps. Where relevant, the author "interferes" in the flow of the text by adding some comments, recommendations and/or curiosities which are delimited by a grey background and introduced by a bold-type title. Special marks called "hidden" are placed at different points of the book and signal "...that you have come upon a place off the beaten tourist track, a spot that will carry you a step closer to the local people and natural environment of Utah". The guide offers the reader a different way of retrieving information about a place by including a wide range of topics which will fulfil any visitor's interests and by gradually uncovering paths which are usually discarded in other guides and in some way "hidden" to tourists.

Table of Contents

Introductory Notes

1. Utah Wandering
2. Salt Lake Valley
3. Northern Utah
4. Northeastern Utah
5. Central Utah
6. Southwestern Utah
7. Southeastern Utah

Index

Lodging Index

Dining Index

Hidden Utah adds to an inviting series, surveying less traveled hidden spots in Utah and providing keys to scenic drives, lesser-covered parks, Indian reservations and fossil quarries, and plenty of outdoors activities. Any considering a visit to Utah will find Hidden Utah packed with ideas from culinary adventures to hiking.

From walking tours and resorts to indian reservations and dinosaur quarries, Hidden Utah is an invaluable, "user friendly" guide to all beauty, diversity, and recreational resources that Utah has to offer.
